

## Group Project Commitment

CS 551, Fall 2006

I, \_\_\_\_\_, hereby declare that my group project partner is  
\_\_\_\_\_ for Final Project Part \_\_\_\_\_.

By signing below, I agree to receive the same score as my partner no matter what happens in the remainder of the Fall 2006 semester. This includes, but not limited to, the case where my partner does not make any contribution to the submitted project, drops the course, or withdraws from the semester.

I was not forced in any way to do a group project. I fully understand that all projects, done individually or by a group of two students, will be graded in an identical manner, even if the group project is done completely by one student.
